

Rebekah Dhey B. Tañag

813 Lt. Mario Castro St. • Cavite City, Cavite 4100 • rebekahdhey02@gmail.com • +63 9458306201

Education

Mapua University

Bachelor's Degree, Computer Engineering Specializing in Cybersecurity.

Intramuros, Metro Manila

June 26, 2025

Asian Currency Identification and Recognition Using Lightweight Convolutional Neural Network

Cavite National High School

Cavite National High School – Senior High School

Cavite City, Cavite

April 2019

Experience

Digiteer Software Studio

Makati City, Metro Manila

Jr. Systems Engineer

Nov 2024 – Present

- Collaborate with teams to design, develop, and maintain efficient software solutions. Involves coding, debugging, supporting system integrations, and building responsive pages using Webflow.
- Write clean, maintainable code and perform debugging to resolve system issues.
- Support system integrations and ensure smooth operations aligned with client requirements.
- Collaborated with UX designers to translate wireframes and prototypes into fully functional user interfaces, ensuring **pixel-perfect designs** across devices.
- Utilized **version control (Git)** and participated in **code reviews** to maintain code quality and consistency across the development team.

BEfied (fka Edufied)

Singapore, Singapore(remote)

Frontend Developer Intern

Aug 2024 – Oct 2024

- Working closely with lead developers to design products and solutions to different user and infrastructure problems as well as communicating design ideas using user flows, process flows, site maps, and wireframes.
- Optimized reusable components and applied **best practices** for scalability and maintainability within an **Agile/Scrum** environment.

BlastAsia, Inc.

Pasig, Metro Manila

Frontend Developer Intern

May 2024 – Jul 2024

- I have worked with the web development team and assisted in designing and implementing user interfaces for web applications, collaborating with the development team to enhance user experience and ensure seamless functionality.
- Collaborated with developers and designers to enhance user experience and maintain seamless functionality throughout the application lifecycle.

CloudSwyft Global Systems, Inc

Makati City, Metro Manila

Web Developer Intern

Feb 2024 – May 2024

- UI/UX designing with the development team and provided platform support by troubleshooting issues, as well as assisting with system configurations.
- Collaborated with developers and designers to enhance user experience and maintain seamless functionality throughout the application lifecycle.

Projects

1. Asian Currency Identification and Recognition using Lightweight Convolutional Neural Network 2023 - 2024

- The project "Asian Currency Identification and Recognition using Lightweight Convolutional Neural Network" focuses on the system to accurately identify and recognize various Asian currencies.

2. YOLOv8 Implementation for Web Application in Asian Currency Identification and Recognition using Streamlit 2023 - 2024

- The project "YOLOv8 Implementation for Web Application in Asian Currency Identification and Recognition using Streamlit" involves developing a web application that utilizes YOLOv8's object detection capabilities.

Skills & Interests

Technical:

- UI/UX
- Webflow
- HTML, CSS, JS
- ReactJS
- NextJS
- Ruby on Rails
- Bootstrap
- Sassy CSS (SCSS)
- Tailwind CSS
- Github, Git
- Bitbucket
- Jira
- Figma
- Jira
- Front-End Development
- Back-End Development
- FullStack Development

Language:

- English
- Filipino
